Art Unit: 2652

1. The restriction requirement of 9/11/03 is hereby withdrawn in favor of the restriction requirement outlined below.

2. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-10 and 25, drawn to a method of making a magnetic disk cartridge using ultrasonic welding.

Group II, claim(s) 11-14, drawn to a method of making a magnetic disk cartridge using adhesive.

Group III, claim(s) 15-18, drawn to a magnetic disk cartridge.

Group IV, claim(s) 19-24, drawn to a method of cleaning a liner of a magnetic disk cartridge

3. The inventions listed as Groups I-IV do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: (A) the cartridge of Group III does not require the liner to be fixed in the manner recited in groups I or II, (B) the liner recited in Group III can be cleaned using methods other than that recited in Group IV – e.g. using vacuum techniques, and the methods of Groups I, II, and IV can be used to make cartridges/liners other than that recited in Group III.

4. A telephone call was made to Mr. Mexic on 11/5/03 to request an oral election to the above restriction requirement, but did not result in an election being made.

Art Unit: 2652

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

5. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
